There Goes the Neighborhood

You're sitting in your kitchen, waiting for your popcorn to finish popping. Your two friends, Female Name and Male Name, are both waiting for you in the entertainment area. It is movie night, and your parents aren't home, but the only guardian who is supposed to keep an eye on you is your next door neighbor, Male Neighbor, and his wife, Female Neighbor. The two would call your house every now and then, but you ignore them on the last call.

Repeat Last Male Name "Hurry up!" Repeat Last Female Name shouts out while Repeat Last Female Name screams over some hot guy that is on screen.

Repeat Last Female Name You take your time walking in there, and when you do, Repeat Last Female Name nags on how scorched the popcorn is. You just shrug it off. No one can ruin movie night. Not even Repeat Last Male Neighbor and Repeat Last Female Neighbor, who keep calling every ten minutes now.

You hear a knock on the door. "Gah, they are so annoying."

Repeat Last Male Name agrees with you and Repeat Last Female Name adds, "Better go get the door. God's little helpers are worried."

You

all laugh as the knocking continues, and with annoyance filling up your mood, you get up to answer it. Behind _____
the door is Repeat Last Female Neighbor, not looking like the 54-year-old she normally looks like. She looks more
freaked out if anything. She's broken out in sweats, her lips are swollen, and there is dried blood on her nails.

"Repeat Last Female Neighbor," you question, walking outside to give her comfort. But she stops you.

"Back up! Back up! _____ Your Name," she yells.

"Repeat Last Female Neighbor, what is going on? Where is Repeat Last Male Neighbor?"

She tries to catch her breath, and before she can give you a good answer, you hear something crashing in the
_____ entertainment area. Grabbing Repeat Last Female Neighbor by her shoulders, you take her in and shut the door. Now
you are starting to panic, but having seen plenty of horror films, you lock your front door.

Rushing to see what had happened, you hear a scream come from Repeat Last Female Name. Along with gut
wrenching gags. What could be going on in there?

You peek around the wall and see Repeat Last Female Name being murdered with a crowbar, and Repeat Last Male

_____ Name nowhere to be seen. The murderer, who isn't wearing a mask, stops beating her and looks straight at
you

with a grimace. It's Repeat Last Male Neighbor .

He walks slowly toward you, licking the remaining blood of Repeat Last Female Name off his hand, and spins his

crowbar. You and Repeat Last Female Neighbor back off into the kitchen, rounding the island. Repeat Last Male

Neighbor follows, rounding the other side of the island, trapping you and Repeat Last Female Neighbor both.

"Oh, Repeat Last Your Name , " Repeat Last Male Neighbor chuckles.

"Repeat Last Male Neighbor , " you whisper.

Repeat Last Female Neighbor digs her nails into your arm, but you don't react to it, no matter how much pain she gives you. Instead you try to protect her, wrapping you arms around her, and with one hand you secretly try grab a knife.

Too late. Repeat Last Male Neighbor is already homing in on you both, and there is nowhere to run. You close your eyes, and start to whisper in Repeat Last Female Neighbor ear that you are very sorry that this is how she will die, and hug her tighter.

A gun shot goes off, and you open your eyes quickly to see what had happened. There's a gaping hole in the hand

that had the armed weapon in it, so you and Repeat Last Female Neighbor quickly get out of the there. But there's

another gun shot. Repeat Last Male Name is standing right in front of you and Repeat Last Female Neighbor with a

Type of Gun

, panting heavily.

You look down at Repeat Last Female Neighbor and see that she is spewing up blood. She falls to the ground with a

loud pound, and you fall to your knees by her side. Holding her bloody hand, you look up at Repeat Last Male

Name

. He looks worried, and sorry at the same time, but relieved too.

"You're welcome," he says.

"What are you talking about? She was helpless," you reply.

"She was the killer!" he retorts.

"But what about Repeat Last Male Neighbor?" you ask.

Suddenly you feel a blow on your head and fall to floor. You go in and out of vision, but what you can see is

Repeat Last Male Neighbor and Repeat Last Male Name fist fighting. You fall into conscience for an hour, and when

you wake up, you are trapped into a chair. Repeat Last Male Name is sitting opposite of you, with a bloody eye,

though

he isn't trapped. But where is Repeat Last Male Neighbor ?

You look to your left. There's nothing there. You look to your right. Nothing. But your bare feet are getting wet, _____

so you look at the floor, and find a flowing puddle of blood. The blood leads to Repeat Last Male Neighbor _____ body.

Repeat Last Male Neighbor _____ dead. He's dead. You smile, but it soon vanishes. Why hasn't Repeat Last Male Name _____

untied you?

"Look, here's the story. We were both watching a movie with Repeat Last Female Name _____ when Repeat Last Female Neighbor _____ started to knock on the door. You when to answer it, and when you came back in, you witnessed _____

Repeat Last Female Name _____ being murdered, thus leading to Repeat Last Female Neighbor _____ death and Repeat Last Male Neighbor _____.

It was an act of defense. We didn't want him to get hurt. Okay?"

You shake your head in agreement and watch as Repeat Last Male Name _____ points the Repeat Last Type of Gun _____ to his _____

Body Part _____ and shoots himself. Police cars start to surround your house, and one by one police officers storm into the living room. They untie you while asking questions, and upon untying you, they handcuff you.

You have no time to explain what happened, and before they drive you off, you here a detective say, "Strange one we have here. Don't know if he went mad or not. All we know is that he just got bailed out from killing both his parents. We knew it was too soon and that it was going to happen again, but not to who. It's quite sad. There goes the neighborhood."
