Dark Night

It was a cold Adjective night, when I just had a fight with my plural family member - uncles brothers etc friend's plural family member - uncles brothers etc second family member - aunt etc. I decided to take my animal for a long walk outside and get some fresh earthly substance - air fire water smoke. It was exactly time of day - two oclock etc AM and it was already pitch color out. But I was so puzzled about the fight, I could care less. number minutes away from my house, I heard a loud noise - thump or squeal etc from a distance. I looked back and nothing but trees blowing direction - north east south west and gates slamming from the Adjective wind. I just went along and walked my same animal used. Coming to a corner these two plural transportation - bikes etc were speeding just ahead of me. One turned and made a animal like' sound and the other just kept verb ending in ING, coming towards me. As it passed by I looked at who was driving and it looked like someone without a body part and a color clothing item. They stared at me as I walked. I felt a little Adjective so I turned the 1st corner to go back home. As we verb plus ED, a group of plural occupation showed up from around the outside object - tree mountain cliff etc. It scared the living food out of me. One asked me if I was a family member - aunt etc. I just kept walking as if I didn't hear them. One laughed and one told me I was lookin Adjective tonight and pulled out a large bag of Noun - Plural in front of me. I asked them what they wanted and they practically verb plus ED me. My same animal again got off the leash and I told him to run home....run home. I felt someone verb me from behind and told me I was gonna verb tonight. I was so emotion that I dropped my Noun. I then opened my purse and pulled

out a Noun . I charged at them with it and ran as fast as my body part could take me. Running
and verb ending in ING, I came across a wild animal on my next door neighbors lawn. It stared at
me and started hissing at me and showed it's body part . This was a Adjective, endless night. But
I managed to get home safely and give my same animal again a hot bubble bath.
