43. Verb

# Explanation

And the echo Sometimes I hang The echo

## Explanation

I used the techniques of \_\_\_\_\_ Verb - Present ends in ING and \_\_\_\_\_ Verb - Present ends in ING because I saw in Helena's \_\_\_\_\_ Noun a proliferation of \_\_\_\_\_ Noun - Plural that worked most \_\_\_\_\_ Adverb to create a \_\_\_\_\_ Noun and carried some strong \_\_\_\_\_ Noun - Plural. First, I got rid of all the uses of " \_\_\_\_\_ Adjective- \_\_\_\_\_ Phrase-Transitive Verb " in order to expose other ways that the text \_\_\_\_\_ Verb - Past Tense with itself. Also, removing " \_\_\_\_\_ Adjective " left a lot of "I" statements that were more \_\_\_\_\_ Adjective, since usually " \_\_\_\_\_ Adjective-Phrase-Transitive Verb " proceeds a \_\_\_\_\_ Adjective - Ends in ER \_\_\_\_\_ Noun of how the "I" is \_\_\_\_\_ Verb - Present Tense or feeling. After that, it was a matter of \_\_\_\_\_ Verb - Present Tense a \_\_\_\_\_ Noun \_\_\_\_\_ Preposition or subordinating conjunction the leftover text that \_\_\_\_\_ Verb - Past Tense the preoccupations of the original \_\_\_\_\_ Noun. I wanted to \_\_\_\_\_ Verb a stuttering, fragmentary, grasping \_\_\_\_\_ Noun that would \_\_\_\_\_ Verb the rushed \_\_\_\_\_ Noun of the original, but without the \_\_\_\_\_ word that ends in -ness. It was \_\_\_\_\_ Adjective to imagine multiple \_\_\_\_\_ Noun - Plural by \_\_\_\_\_ Verb - Present ends in ING both across a line and vertically into other lines, and I had to \_\_\_\_\_ Verb a wide field of \_\_\_\_\_ Noun and \_\_\_\_\_ Noun by not " searching" for the \_\_\_\_\_ Noun - Plural I \_\_\_\_\_ Verb - Past Tense to \_\_\_\_\_ Verb \_\_\_\_\_ Adjective. I also wanted to add reflexivity to the \_\_\_\_\_ Noun to comment on the project of \_\_\_\_\_ Verb - Present ends in ING an " \_\_\_\_\_ Noun " and the processes of both the original \_\_\_\_\_ Noun experiment and my alteration of it. I think this

helped to heighten the stakes of the poem and to complicate the idea of what " Adjective - Ends in ER "

actually Verb - 3rd Person Singular Present in different Noun - Plural and how it can be a compulsion or

even Verb its opposite and to what extent it can retain its genuine meaning.
