A Specter of Spenser

While tingers painted early morn,
Uprose Redcrosse, his Una for to seek;
The blushing new born
Betwixt a knight and maiden meek.
While he rode, he dream'd of her lily cheek,
For a thousand dawns had wheeld by
Since Duessa and Despair mayde him weak
And battles for his been left to lie.
And so the knight, free to depart,
Efstoones embarked to recover his hart.
