My First Love!

I was walking into my _____^{Noun} day of being a freshman. The high school was big but all my mind was set on was meeting new, cute boys. I got to homeroom and then I saw him. His big blue eyes settled right on mine as I took a seat by him. I smiled at him and he grinned back. I never knew that my true love was going to show up this fast. At lunch he sat next to me and told me his name. He said Michael, in a deep soft voice that gave me the chills. I told him my name. I said Sophie, in a low soft voice. Michael _____^{Noun} me. It was my _____^{Noun} true love!
