Strange Illness

felt ill one day with the symptoms, <u>symptom</u> and <u>symptom</u>. He/She went to the doctor waited for him to say something. "You have <u>Disease</u> and need to go to the hospital for 45 days."; This stunned me for I didn't want to go to the hospital. I went there and the nurse told me that nothing was wrong with me and that I needed to go home. To this day I hate that nurse because now I am dead.
