At first he seemed kind of Adjective but then Adverb he got Adjective. Just when she thought things were going Adverb she realized that he was Verb ending in ing when he was supposed to be Verb ending in ing. This made her Adjective and she turned into a total Noun. Next thing they knew, Number Plural noun noun Number Plural noun and Number Plural noun were destroyed. Finally they Past tense verb and then they broke up. This was a relief to all their Plural noun and each of them was Adjective without the other. Good riddance!
