I am _____this _____email to _____because I am confused about our current reading book, the Odyssey. While I admire the beautiful prose filled with vivid descriptions of greusome adventures and love the interesting twists of fate, I am astounded by Homerâ??s _____. It is _____
_____that I _____stop and think before continuing my reading. I suggest that we choose another more interesting book next time. I just canâ??t understand why Odysseus would _____and _____to _____work when he could be walking.
