1. Adjective _____
2. Disease _____
3. Frequency And Probe _____
4. Size _____
5. Frequency And Probe _____
6. Time Frame _____
7. Adjective _____

A day in the department

One day I was asked to scan a patient who had _____ Adjective _____ Disease _____. My first thought was to use a
_____ Frequency and probe _____ but seeing how _____ Size _____ the patient was I knew a _____ Frequency and probe _____ would be
better. I have been scanning for _____ Time frame _____ so I'm _____ Adjective _____ at scanning.
