

Gift

1. Adjective
2. Verb
3. Verb

Gift

ROSY'S POV:

I felt like there was a powerful relation between me and Gohan. We always seemed to look out for each other. I always found him really Adjective. Well, one day, I decided to pay him a visit. I brought him a present. It was a new necklace with his name on it.

"Aww thanks, Rosy."; Gohan said and hugged me.

"Your welcome."; I said. We sat down and talked for a bit. We started mentioning dirty stuff. About Sex, Hookers, Bestiality, Theesomes, Anal, ectetra. I got a bit turned on on the Sex part. So I jokingly said that we should have sex. Gohan paused and Verb. I Verb too.

"Yeah, why would we have sex? A Dog and a Human?"; I said.

I grabbed my coat put it on. But before I could leave Gohan grabbed me and kissed me. He put his tongue in my mouth and began moaning. I moaned as well. He pulled my coat off and pulled me to the couch and took his shirt off. He pulled my shirt off and my pants.

"You want me? Just ask."; Gohan said.

END OF PT1
