In the distance, _____Name_____could see the storm clouds retreating.

He breathed a sigh of relief, and turned to head for the main chamber. Unfortunately, _____Proper noun_____was behind him and the _____Noun_____ran directly into the Jedi's _____Body part_____.

_____Same name_____fell to the floor, holding his _____Body part_____. He tried to use a mind trick to ease the pain, but it didn't help. Before he realized it, he had rolled his way to the _____Location_____.

_____Same name_____; _____New name_____asked. She ran to his side with a lightsaber in her hand, thinking there might be danger.

All _____Same name_____could manage to say was _____Expetive_____;

"What happened? Where are you hurt?";

It seemed to _____Same name_____that it should be obvious what the problem was, considering where his hands were.

R2 rolled into the room and trilled a few beeps and twitters.

"I don't know what in the Expetive you are talking about little Noun. But I think you should get the Medical Noun;;.
