The Day Care Instructor

There was one daycare instructor that everybody likes. She was only _____ Number she looked after kids 3 months to 5 years. She loved kids and even wanted _____ Number of her own. Her name is _____ First name _____ Last name and she is the most liked daycare instructor. There was a new _____ Career being built in _____ Location and she was the first to apply, and the first to be hired. She was put in the toddler room of kids ages 1 month to _____ Number years. She was in there with 5 to _____ Number kids a day. She is the most experienced person in the _____ Career. She made \$25 an hour. She works 5 days a week, no weekends, and works 10 to 20 hours a day. She was the most well needed employee, _____ Name of building could ever want. Until one day she was riding her bike to work and wrecked her bike. She broke her leg in _____ Number places and was told she couldn't go to work for 2 weeks at least.

After her 2 weeks were up, she went back to work for about 2 days and she had to leave work again for 3 months. She ended up quitting her job and moving in with her dad because her ankle was also broken and she didn't have a clue in using crutches. She made \$2000 dollars a month.
