# Fairies

The \_\_\_\_\_ shiny fairy named \_\_\_\_\_ flew to the white and red mushroom. There, she met her  
fairy friend \_\_\_\_\_ who was \_\_\_\_\_. All of a sudden, a big, \_\_\_\_\_ cloud drifted over  
their \_\_\_\_\_ and it started to rain. The two fairies did not want to get their dainty \_\_\_\_\_ wet,  
so they flew to another mushroom that shielded them from the gray, wet, rain. Then the fairies lived happily ever  
after with their wings nice and \_\_\_\_\_.
