Mazzy, Marzu, and Rorza!

One day, Mazzy went to Rorza's Location. When they were walking to Rorza's Location they saw Marzu! Then, they also picked up Marzu and continued their journey to Rorza's Location. When they got to her Location they decided to go to the Location. As they were taking their adventure to the Location they saw a grizzly bear! They all became best friends, and then went on a picnic. They named the grizzly bear Name. Mazzy, Marzu, and Rorza went down the slide riding on Name Body part. After that they had to say goodbye to Name because they had to go Location. When the three girls got Location they played scrabble, and were best friends forever.
