the school year

Once in a land of fourth Noun - Plural there was 331 and they were Adjective. They were the best class in fourth grade especially people who are experts like maxx. He is Adjective at alot of things like playing Noun or history. Jillian is Adjective with spiders. Steven is Adjective with baseball. They were all great in 331. One day an evil Noun came and was going to hurt the land of fourth graders. It was Adjective. He wanted to take over. His name was lula muna. We worked together and got rid of him and we saved fourth grade. It was a great year for us but now its the end and we all had to go home. Proper Noun was the last thing each of us said
