vacinations

They say _____^{Noun} is everything, and that's _____^{Adverb} the case when it comes to vaccines. They're most _____^{Adjective} when they're given at the right _____^{Noun} - and lots of careful consideration goes into deciding when that time is.

The Recommended Schedule

In coming up with an optimal _____^{Noun - Plural} schedule, experts take into consideration age-specific risks for _____^{Noun - Plural}, age-specific risks for _____^{Adjective}, and age-specific _____^{Determiner} response to the vaccine. Once they have this information in hand, the experts then determine a _____^{Noun} for each vaccine that will safely and effectively _____^{Verb} at the youngest possible _____^{Noun}. By following the recommended _____^{Noun}, you'll be able to ensure that your child will get the best _____^{Noun} possible against vaccine-preventable _____^{Noun - Plural}.
