Story 1

Whether you've been looking forward to the moment when you could start breastfeeding since you were a little

_____ Noun (remember when you _____ Verb - Past Tense up your shirt to "feed" your _____ Adjective

_____ Animal?) or need a whole separate breastfeeding _____ Noun just to understand the concepts of

breastfeeding and breast _____ Noun ("I make _____ reuse previous NOUN and then my _____ reuse last ANIMAL

drinks from me? From me?"), once you start breastfeeding and get past the initial _____ Adjective and

_____ Adjective days of finding the _____ Adverb breastfeeding technique (and you will!), breastfeeding your

_____ reuse last ANIMAL becomes one of motherhood's most _____ Adjective responsibilities.

Yes, there will be times when you'll feel more like a _____ Adjective _____ Animal than a mother, and you

might even worry that those breasts you're _____ Verb - Present ends in ING in and out all day and night might morph

into _____ Noun - Plural (a well-fitted nursing _____ Noun that offers proper support can help minimize that

dreaded sagging). But rest assured, with the _____ Verb - Base Form of our breastfeeding guide, you will see that

breastfeeding -- whether you nurse exclusively or supplement with _____ Adjective _____ Adjective

_____ Noun, whether you _____ Verb - Base Form by the third month or keep going _____ Adverb well into

your baby's toddlerhood -- will become second nature. And since breast milk is nature's _____ Adjective and

most _____ Adjective food, you'll be giving your baby a head start on a _____ Adjective future.
