Creation Mad-Lib

What is Proper Noun? I thought about it once or twice and tried to understand, but I could not. I simply didn't have enough information. It is just as Adjective and Adjective as the words Noun, Noun, and Noun. Simple words that, once uttered, caused Adjective damage to the Creator who uttered them. Some never returned. Some became Adjective. Some never spoke again.

I saw a man fall to the ground once. He oozed Noun. At the time, I thought it was something of Creation, a project of an Noun. Now, I am not so sure. I never saw that man again, and Noun is rarely seen. There was much of it. He must have been taken to the Community, as one is supposed to keep one's Noun to one's self.
