Fall

Fall has arrived with a chill in the Common Noun. The leaves are turning Adjective and Adjective. Night time Verb - Present ends in S quicker, which usually means Common Noun! But today was a Adjective day. My friend Ashely went to the Common Noun patch. Pronoun went on a long walk to a big room called, Proper Noun. Pronoun got to pick a noun that was Adjective! Then Pronoun was so excited that she Verb - Past Tense! What a Adjective thing to do! Yes night comes quicker now that it's fall. But tonight my pumpkin Verb - Present ends in S by my Proper Noun. What a Adjective day!
