Why I want to be a social worker (PS)

Hello, my name is [old _____ Old womans name _____ name] Mc[fictional creature]. I grew up in [country] with my loving family of [number] kids. I have my degree in [area of mathematics]. However when my pet [non-domestic animal] died, I knew from that moment that I was destined to be a social worker. I truly learned the meaning of grief and mourning and I want to be able to help those around me cope with these struggles in their own [adjective] lives.

My goal in field placement is simple. I hope to work together with my [adjective] community members to solve any ongoing issues. I want to collaborate with [Profession]s and even [Profession]s to determine a plan to help our homeless population find [adjective] homes and to give our local military spouses a place to socialize with others.

Thank you for this [adjective] opportunity, I look forward to meeting you and learning about [plural noun].
