Field trip

One _____
cave. When we got to the cave I couldn't believe my eyes I saw a _____
and saw that is was a _____ dragon! It had _____
scales and it's teeth were as long as my arm. Everyone got crushed and was killed except me. As I ran out I saw a _____
skeleton in a corner wearing _____ armor and holding a _____ sword. I
really wanted to be a knight for Halloween so I changed into the _____ armor and grabbed the sword
and shield. I raced toward the _____ dragon and slashed it like it was
_____ ham. I always wondered what a dragon tasted like so... I ate it! It tasted like _____
shrimp!
