Halloween Night

On a starkly light night you see a Noun. Then a grimm reaper with a Adjective scythe. Then a catapult launches some candy glistening in the moonlight. OH NO my dad trips on a Noun while using his mobile phone. An interesting character hobbles by and you ask "what are you supposed to be?"

As an older citizen I'm hindered but I'm supposed to be a Noun" the woman answers. Back to my father his back is somewhat devastated his Part of Body is in a disarray. I try to use his mobile but it has been dismantled and the Proper Noun is so damaged I can't put it back together. A thickset man walks by and offers to carry my dad to a Proper Noun. A skinflint little boy is counting his abundance of candy and then Verb - Base Form. Hey well that is enough chaos but it could have been altered because of one person, that person is you!!
