My Thanksgiving

On one Adjective day in November, my family Verb - Past Tense into our Noun and Verb - Past Tense to my grandmothers house for Thanksgiving. When we got there all my Noun - Plural and extended family were there. We sat down at the Noun that night to eat. My grandma brought out the Noun and Adjective potatoes. Then she brought out the other Thanksgiving goodies like Noun and Noun sauce. Then my Noun came and knocked over the Noun and everything Verb - Past Participle. Then we ordered Noun from Noun - Plural.
