# Frosty

Frosty the           Noun           was a           Adjective                     Adjective           soul,

With a           Adjective                     Noun           and a           Adjective                     Part of Body          

And           Number           eyes made out of           Noun          .

Frosty the           Noun           is a fairy tale, they say,

He was made of           Noun           but the children

Know how he came to life one day.

There must have been some           Noun           in that

          Adjective                     Adjective           hat they found.

For when they placed it on his           Part of Body          

He began to           Verb - Base Form           around.

O, Frosty the           Noun          

Was alive as he could be,

And the children say he could           Verb - Base Form          

And           Verb - Base Form           just the same as you and me.
