# A Fantasy Realm

Have you ever \_\_\_\_\_ Verb - Past Tense through a mirror? It's very \_\_\_\_\_ Adjective and interesting there. You can spot many wizards and unicorns. The people there look like squirrels, \_\_\_\_\_ Noun - Plural, turtles, and many other animals. They have pets such as crickets and butterflies. Also they have beasts there like vampires, werewolves, \_\_\_\_\_ Conjunction \_\_\_\_\_ Noun - Plural.

If you observe the world around in the fantasy realm you will see that the sky above is purple with a green sun at day but when night comes the sky turns brown with yellow stars. The grass there is \_\_\_\_\_ Adjective and water is dark instead \_\_\_\_\_ Preposition light. Wow, the world there is very different than ours. Also, the people their \_\_\_\_\_ Adverb \_\_\_\_\_ Verb - Base Form upside \_\_\_\_\_ Preposition, instead of up! \_\_\_\_\_ Interjection, their world is weird. Saying that, did you know they have real gods?

\_\_\_\_\_ Interjection! That's what most say about gods, but are they aren't really that great. The god of war there \_\_\_\_\_ Adverb cries if \_\_\_\_\_ Pronoun gets a paper cut. The leader of the gods there doesn't even have a backbone. So \_\_\_\_\_ Pronoun guess the fantasy realm is okay, \_\_\_\_\_ Conjunction it's not great. I think I prefer the main realm.
