# The Strange Occurrence

Hello, my name is \_\_\_\_\_ Proper Noun \_\_\_\_\_ Proper Noun and I'm going to tell you about the \_\_\_\_\_ Adjective -  
\_\_\_\_\_ Ends in EST occurrence I ever had in my whole life. So here's how it all started, everyday an \_\_\_\_\_ Adjective  
\_\_\_\_\_ Proper Noun \_\_\_\_\_ Proper Noun cat \_\_\_\_\_ Verb - Past Tense and \_\_\_\_\_ Verb - Past Tense on my door step. I  
\_\_\_\_\_ Adverb never let the cat in my house because my \_\_\_\_\_ Proper Noun \_\_\_\_\_ Proper Noun  
\_\_\_\_\_ Proper Noun \_\_\_\_\_ Verb - Present ends in S at it and tries to come out of its cage. As I went to open the door a  
slight bit, the small \_\_\_\_\_ Noun squeezed through and dashed away. I didn't get enough seconds to yell, "Hey,  
come back!" before he was out of my sight but it was too late, I heard breaking and tearing sounds I couldn't bear  
to look. I \_\_\_\_\_ Adverb ran in my house to find all my furniture destroyed with the cat and my dog pouting  
\_\_\_\_\_ Preposition the cotton from the sofa. Still to this day, I haven't forgiven my \_\_\_\_\_ Noun or that  
\_\_\_\_\_ Noun plus I haven't figured out how my dog got out of its cage by itself.

Some people say I'm crazy for taking my \_\_\_\_\_ Noun to a therapist after the incident whereas I say it is  
necessary since he's more polite. I otherwise don't know what happened to the \_\_\_\_\_ Noun however, when I  
get my hands on that cat, I'll make it pay. A few months after the incident I noticed giant-sized hairballs and fur  
all over my front yard every day when returning from work. I also have seen the sky get gloomier like two  
universes

are mixing. My dog has been quiet lately too, even around \_\_\_\_\_ Noun - Plural when we go for \_\_\_\_\_ Verb -  
\_\_\_\_\_ Present ends in S in the park. Like yesterday I said, " \_\_\_\_\_ Conjunction," when I saw my dog give a roll of yarn  
to a \_\_\_\_\_ Noun!!!!

Today, I scheduled another appointment with my \_\_\_\_\_ Noun - Plural therapist, \_\_\_\_\_ Proper Noun.  
\_\_\_\_\_ Proper Noun and if this doesn't work, I'm sending him to animal control. I really don't want to do but he's  
\_\_\_\_\_ Verb - Present ends in ING my bubble with this whole \_\_\_\_\_ Adjective things going on. An hour later, we  
returned from the therapist and he was \_\_\_\_\_ Adverb fine the only problem was, he was trying to let me know  
something and couldn't show it. Except once we got home; there was an army of cats on our front door step  
called tribal that came up with a law in the world of pets that dogs and cats can't have a baby together. Finally I  
figured it out my dog just wanted me to stand up and show no harm would be caused \_\_\_\_\_ Preposition my  
supervision and how I'd make it work out. Subsequently the cat tribal agreed to let us go, I say to myself "  
\_\_\_\_\_ Conjunction?" however on the \_\_\_\_\_ Preposition somehow I was smiling till the cows came home  
shouting, " \_\_\_\_\_ Conjunction!" It was mostly because I didn't have to give my dog to animal control since there  
wasn't anything wrong with him. So after all this, I finally forgave him with one of our made-up handshakes and  
that's my \_\_\_\_\_ Adjective - Ends in EST occurrence.
