# Me First Kiss

Evie was sitting with her friends on the small hill at lunch, and Jonny, her \_\_\_\_\_ Adjective \_\_\_\_\_ was playing this weird but cool game of catch with his friends. He ran past Evie and caught her eyes and he wouldn't look away, neither would she. He soon looked away and carried on running. Jonny ran past Evie again and his friend pushed him and he fell beside her. They just looked at each other and both leaned in for a kiss. All of their friends looked dead shocked because they never expected it.
