Learning R

I'm embarking on a _____ Adjective _____ adventure. I'm learning the _____ Adjective _____ programming Language R.

At first it seemed _____ Adjective _____, _____ Adjective _____, and _____ Adjective _____. But every day I feel more confident in my developing abilities. Today we learned about data _____ Noun - Plural _____ and _____ Noun - Plural _____.

That will be very helpful. Last week we learned _____ Verb - Past Tense _____ around with some pretty

_____ Adjective _____ data _____ Noun - Plural _____. I feel a little confused still about _____ Noun - Plural _____,

_____ Noun - Plural _____, _____ Noun - Plural _____, _____ Noun - Plural _____ and dataframes and how and when to use what.

Probably the _____ Adjective - Ends in EST _____ difficult thing is that there are so many different ways to do the same thing. It's not like you can memorize one _____ Noun _____ or _____ Noun _____ and then you're done. Last night, after

_____ Verb - Present ends in ING _____ in RStudio for several hours I had the _____ Adjective - Ends in EST _____ dream. I was in a

_____ Adjective _____ data frame with _____ Proper Noun _____, _____ Proper Noun _____, _____ Proper Noun _____, and

_____ Proper Noun _____. We were all playing with the data and having a _____ Adjective _____ time until Jared

_____ Verb - Past Tense _____ an entire column, and made two of us just disappear. Luckily I _____ Verb - Base Form _____ up.

whew!
