| 37. | Every Body Name |
| 38. | Name A Bad Way To End A Story |

A Horrible Day At The Hospital

| OMG MY IS GONNA HAVE A BABY!!!!!!! im so excitited to see what it will be |
|---|
| Hours later after then little is here , so me and member name went to |
| |
| another word for taking SOME same item for babies and another word for keep them inside his |
| |
| another family member instead to go and get the another item for a bayy just as soon as he or she |
| walked passed the (keep quiet babies are sleeping) section so |
| out a loud fart so <u>he or she</u> was kicked out the baby section so he was put in jail for disturbance of the |
| babies so we call <u>less important family member</u> to come and go to <u>name of a huge place</u> to go get the |
| |
| to the <u>best place on earth</u> instead , so then we decided to call <u>important family member</u> to go to |
| another supermarket to get the same item yu uesd for a baby so as he or she walked out the hospital |
| door then he saw a cart so he decided to get a free so instead he sneezes all |
| over thesame finger food and getacting for bulling up for that ,so anyway we call crazy family |
| member to go get the same baby item you used over and overr for the baby instead of her going to go get the |
| diapers she falles asllep in theplace where you dont ever wanna be at (time hours later) as soon as |
| found our way back to the hospital, mama wasnt surprise because |

end a story
