Love kills.

It was a Saturday evening and Caitlin was thoroughly Adjective.

So she decided to Proper Noun Paul, and ask him to meet up somewhere.

He agreed and met her at the Preposition or subordinating conjunction station like she'd requested.

Caitlin sat down next to Paul and told him that she Pronoun him.

He started Coordinating conjunction, and told her he Adverb her too.. but there was another Noun.

She pushed him in front of the Preposition or subordinating conjunction out of pure jealousy.

Paul was dead, and Caitlin was Proper Noun.

Thats when she decided to Adverb herself too.
