This is basketball this year we are having a good year this year we have won a lot of games this year it was pretty amazing. We have one more game and it is at \_\_\_\_\_ Proper Noun \_\_\_\_\_ and we are going to try to win that we lost yesterday and it wasn't that great because the refs sucked. Our team is pretty hard to beat we take our games as good as possible. Making shot getting rebounds we all have to work together to win a game. We won five or four times in a row, we have improved from losing in the beginning and then we win most of all our game. I love basketball so very much. So next year we are going to be blaster Han this year and work hard together.
