Jack Schwartz

Next week is the last of our season. So far I only have 1 basket, 20 something
rebounds, and 3 assists. This was my season on the basketball team. I wouldn't trade it for
anything really. I love to play basketball. It's my thing to do. We only have won 1 game this
year but I will guarantee you we will win a lot more next Next year is High School, the big
leagues. I don't honestly know why we haven't verb - Base Form a lot. We have a lot of Adjective,
but we just haven't won a lot. This summer, I want to practice everything over and over, a thousand times. I want
to get really good. It really when your own mother said I'm not even that good. You've
worked so hard at something and then your own parents who love andverb - Base Form about you say your
not that good. I want to show everybody that I can be counted on to carry a team on my shoulders if I ever need
to.
