# Spontaneous Combustion of Sour Lemons

Yesterday, I was \_\_\_\_\_ to the \_\_\_\_\_ mine factory and came across a  
\_\_\_\_\_ lemon \_\_\_\_\_ in the \_\_\_\_\_. I \_\_\_\_\_ kicked it out of the  
way and it \_\_\_\_\_ an ambassador from \_\_\_\_\_ right in the \_\_\_\_\_, bounced  
off a \_\_\_\_\_ and rolled into the \_\_\_\_\_ mine factory. I quickly jumped  
behind a \_\_\_\_\_, \_\_\_\_\_ and hid under its \_\_\_\_\_. Miraculously, the  
lemon managed to \_\_\_\_\_ through the factory without causing an explosion. The ambassador  
picked up the lemon, planning to \_\_\_\_\_ it at me in revenge for \_\_\_\_\_ him, but it  
suddenly \_\_\_\_\_. I guess it must have gone through the factory assembly line and \_\_\_\_\_  
\_\_\_\_\_ into a \_\_\_\_\_ lemon.
