bad teacher

It was the first day of school and my teacher Miss First Name of a Person comes in with a dress and Adjective shoes. In the beginning she appeared very Adjective but as the day went on she started getting Adjective and Adjective and just Verb - Past Tense she synonym for talking loudly up a weather and verb having to do with fighting each student in the class. If that wasn't enough she gave us a week's load of Noun. The Noun was due the next day. On the next day of school every one in the class did not do their homework and Miss same first name went action verb she slapped everyone in the face with a food and she got fired and that as my crazy first day of
