The Best Teacher on the Planet

I am so lucky to be in Mrs. Saner's READ 180 class this school year. She is the best Noun on the Noun ! She likes to tell Noun and tease Noun , but it is all in fun. I know she likes me best of all because she is always Verb - Present ends in ING at me. Mrs. Saner loves Noun and on really good days she shares it with me. She is my Adjective teacher because she never assigns homework. I wish all my other teachers were Adjective like her.
