# Mad Libs for J-CAP - 1

There once was a           Noun           from Nantucket

Who kept all his           Preposition or subordinating conjunction           in a           Coordinating conjunction          .

But his           Verb - Past Participle          , named Nan,

Ran away with a           Preposition or subordinating conjunction          

And as for the           Pronoun          , Nantucket.

But he followed the pair to Pawtucket,

The           Coordinating conjunction           and the           Determiner           with the bucket;

And he           to           to the           Coordinating conjunction          ,

He was welcome to Nan,

But as for the bucket, Pawtucket.

Then the pair followed Pa to           Proper Noun          ,

Where he still held the cash as an           Coordinating conjunction          ,

But           Noun           and the man

Stole the money and ran,

And as for the bucket, Manhasset.
