They say camp \_\_\_\_\_ Noun - Plural are a very special kind of friendship. Melanie definitely learned this to be the case, when she met a girl at \_\_\_\_\_ Nationality Woods, a girl she might not ever have become friends with otherwise. Yes, they made \_\_\_\_\_ Adjective decisions as members of G19b and in general during their many summers at FWF, but that is neither here nor there. What matters, really, is what came after. As luck would have it, this camp friend told Melanie about a chance of a lifetime, a chance to \_\_\_\_\_ Verb around the \_\_\_\_\_ Noun and Melanie jumped on the opportunity. These girls decided to be \_\_\_\_\_ Noun - Plural, which is honestly wild if you really think about it. They literally are complete opposites, one always wearing pearls and being the epitome of \_\_\_\_\_ Adjective, and the other completely outrageous ready to get naked and \_\_\_\_\_ Verb - Base Form at any moment, but somehow it worked. Perhaps they were a good match because Melanie's camp friend loved people who made her \_\_\_\_\_ Verb - Base Form, and Melanie loved people who \_\_\_\_\_ Same Verb - Past Tense at her jokes, or maybe it was because they both shared a love of all things \_\_\_\_\_ First Name of a Person Potter, or maybe it was simply because of their history, and no one but them would have known the true meaning of a "lazy day." Though Melanie was outraged when she watched this friend stare at her last \_\_\_\_\_ Noun of steak so longingly and after a while say "sorry \_\_\_\_\_ Relative" and eat it, she will always be grateful for the \_\_\_\_\_ Adjective work this friend put into her \_\_\_\_\_ Noun guide for every country they went to. Without it they might never have gotten to a ton of great places, including the infamous \_\_\_\_\_ Adjective restaurant in \_\_\_\_\_ Country where the employees sexually harassed them as they ate in the dark. They shared some insane times on SAS, like when they were \_\_\_\_\_ Verb - Past Tense by a Malaysian gang, or

experienced one of the most racist/awkward cab rides ever, or when they were so petrified to step off the

\_\_\_\_\_ Noun in brazil for fear of being and murdered immediately, or when they were read bed time

\_\_\_\_\_ Noun - Plural with cookies and milk, or were so hot that they jumped into a fountain while out at a club (

one of them in a white \_\_\_\_\_ Noun) or their cab ride with slanted eyes... "can somebody say \_\_\_\_\_ Fast Food

\_\_\_\_\_ Chain?" Even though they're so different, Melanie loves this girl, because she can be a , just like Melanie,

appreciates a good Philly \_\_\_\_\_ Food and because she can be really weird, like placing 1 gummy bear on each

\_\_\_\_\_ Noun she passes as she walks down the road. They've stayed really close since the trip and without this

friend Melanie's life would be tragically different. She would never have started to like \_\_\_\_\_ Food, and she

wouldn't own any of the \_\_\_\_\_ Noun she does today. This might even be enough for Melanie to finally forgive

her friend for leaving the ship before \_\_\_\_\_ Verb - Present ends in ING their message to the next tenants of 3901.

Because this friend is a good one, and Melanie knows she can count on her, whether its to clean up her throw up

in their tiny shipboard bathroom sink, or to apply \_\_\_\_\_ Noun to cover up the staph infection on her

\_\_\_\_\_ Part of Body that no one else would go near, she knew it would be very important to have this friend by

her side as she approached her big day. Oh, and you're like really really \_\_\_\_\_ Adjective.

So, \_\_\_\_\_ Full Name of a Person, will you please do me the honor of being my \_\_\_\_\_ Noun as I \_\_\_\_\_ Verb -
