THI Mad Libs

Texas is the second Adjective - Superlative state in the U.S. THI is a Adjective organization that seeks to help Adjective Noun - Plural. Through partnerships across the state, we hope to ensure people have access to three Adjective Noun - Plural a day, seven days a week. THI is opening twelve new regional Noun - Plural and hiring 24 new Noun and 45 Noun - Plural. I am excited about working for THI because I love Verb - Present Tense.
