the kingdom

There once was a magical kingdom called Noun - Plural. In this place amazing things could and would happen on a regular basis. The ruler of this land was king Noun. He was a kind king. He would often take walks through his Noun. During these walks he would often go very replace to see all the wonderful sights.

There was also an evil queen that tried to rule all the land. She was very Adverb making her the ultimate evil. She was also the most Adverb in the entire land. She would often fly from place to place on her Noun. Aproprate
