When the Sparks started!

Justin and I had lived at the same apartment complex for atleast a year before meeting. We saw each other plenty of times while <u>Noun</u>, or <u>Noun</u>, or <u>Noun</u>, but had never made any

In March of 2011 I decided to switch from Gold's Gym in Downtown Pittsburgh to LA Fitness in Robinson because it was close to home and I needed a change. Within the first week of my membership, I was introduced to Justin by a mutual ________. :)

Conversation continued the second time we saw each other because of my upcoming move into a new apartment suite. Justin offered to help <u>verb</u> all of my heavy <u>Noun</u>; however, he needed a way to get in touch with me in order to coordinate everything. Neither of us had our <u>Noun-Plural</u>, so I offered to leave a business card on his car. I was given specific directions to look for the Black Honda Accord that backed into the parking spot closest to the apartment complex entrance. I felt like such a <u>Noun-Plural</u> having to look for his <u>Noun</u>, and felt that it would be best to wait for the <u>Noun</u> because it is still dark when I leave for <u>Noun</u>.

A few days later (partially delayed due to a case of the flu) I was able to put my card on his driver-side _______. I received an email from Justin early that afternoon asking me if I would like to go on a _______ and we haven't left each other's _______ since!
