Somewhere in Boston

Our story takes place in the far-flung decade of the in a city forgotten by the rest of the planet.
Disgusted with civilization, a lone visionary collected followers and established a new world founded on the
principle of, sequestered away from the foolish masses in unusual
LOCATION . Superhuman powers are common, granted by way you can take medicine, but not all is as
it seems. What was supposed to be a self-contained paradise has failed, and now an opposing faction wreaks
regular havoc in its underbelly. Enter our protagonist, a patsy to who
makes his fated trip to the city and up-ends the whole shebang, the ramifications of which none of the involved
parties could predict.
