# Our Cafeteria

Our \_\_\_\_\_ has \_\_\_\_\_ foods. It has \_\_\_\_\_, liquids, wheat, and \_\_\_\_\_. Not \_\_\_\_\_ people take hot lunch, but the people who do, they usually throw up. Personally, \_\_\_\_\_ and \_\_\_\_\_ prefer cold lunch. Some people have experienced their meatloaf to be moving. The jello is \_\_\_\_\_ and the potatoes are \_\_\_\_\_. The milk is \_\_\_\_\_ and has ice in it. One time, someone found \_\_\_\_\_ in their \_\_\_\_\_. I'm pretty sure the lunch ladies don't even wear hair nets. But sometimes, \_\_\_\_\_ has a habit of spilling her \_\_\_\_\_ and has to have them be replaced. Other than that, lunch is great because you get to mingle with your friends and see people eat disgusting \_\_\_\_\_. Wouldn't you want to go to lunch at our \_\_\_\_\_?
