# purple bird

One day the Adjective big lion came to the town seeking food. Coordinating conjunction all the towns people were Preposition or subordinating conjunction the sller praying that that visious, scary, and dangerous lion goes away. meanwhile a bird started churping like Pronoun always does in thw morning. the bird was a strange bird it was purple ,wow! all the people in the town have seen the bird. and it had a great gift from god it made anyone who tried to catch it would turn them purple and shrink them. so all the towns people the bird would catch the lions attention, and it did. the lion came Verb - Present Tense and soon enough he turned purple and shrunk. the Adjective bird saved the day. the people through a great party!
