My dog and I

My dog looked so Adjective. I was like, whoa, when he Verb - Past Tense towards me. When he Verb - Past Tense for Noun, I think to myself, "oh, I can't hold it in anymore." I had to admit it: my dog is so Adjective. I can Verb all of the Noun - Plural I can do with him. Proper Noun, I can feel Noun flowing out of my Noun - Plural already. It is time. It is time, to have Adjective intercourse with my Noun.

I am ready. To make it more Adjective, I shoved my Noun up the dog's Noun. But then the dog Verb - Past Tense. I was Verb - Past Participle three days later, in the ass..
