Dr. P

Dear _____
First Name of a Person,

The night before we _____
Verb - Past Tense I had directed considerable _____
Noun

towards imagining the _____
Adjective latitudes of your _____
Part of Body. That language

can suggest a body (and what this suggests about what a body

contains). I had wondered if relationships, like _____
Noun - Plural, take

form before they are written down - and, if so, what this might mean

for navigating the infinite radius of our celestial sphere. It wasn't

until you hocked a loogie on the _____
Noun beside us that your body

stopped flickering and I looked to see if my fingertips refracted

Noun. I did not wish my circling of your beauty to become an occasion

to hang our clothes on. Though I _____
Verb - Base Form to dissolve your cadence into

unclad yawps, somewhere between my new-found gallantry and a cellular

reverence for your voice I lost my nerve. Or found it, alongside a

reformed desire to _____
Verb - Base Form on the _____
Noun before I eat the _____
Noun. I left

(delightfully wanting more) with only a faint sense of your eau.

With the approach of distance I kept my head out the window hoping

that perspective would get stuck in my _____
Part of Body. There are seven stages

of

courtly love that precede consummation, I kept telling myself, I

kept telling my self... The Adjective propositions you provoke within

me take the form of your Part of Body - savagely resonant, Adverb unruly,

doggedly obsessed with Verb - Present ends in ING your neck.

yours, Verb - Present ends in ING a Adjective wind for your direction,

-e.
