## The Mad Christmas Shopping Experience

<u>Number</u> years ago, I decided to go Christmas shopping on Black . It was the most <u>Adjective</u> experience I've ever had. There were <u>Number</u> <u>Animal (plural)</u> running across the mall. A <u>Animal</u> in the bra department. People were ripping things off shelves. And someone farted so loud it made a <u>Noun</u> cry. The mom couldn't get the <u>Noun</u> to shut up, so she threw it out the window. The <u>Noun</u> ended up turning into Super Villain and started destroying the whole mall. Luckily, <u>First Name of a Person</u> was nearby trying to kick <u>Animal (plural)</u> out of the bra department and turned into Super Woman. She saved the day with her mighty <u>Part of Body</u>.
