There was a village in _____place_____ where the population was very small. A lot of people had left the village and many of the houses were abandoned. One _____type of weather_____ day, I came to this village looking for _____a thing_____. The _____description word_____ woman told me to follow her up the stairs. When I reached the top of the stairs and turned around, she had _____an action_____. I was very spooked by this and ran to the front door, but when I tried to pull it open, I found that it was locked. I turned to find the _____description word_____ woman standing right beside me. She grabbed a hold of my _____a body part_____.

In the darkness, I hadn't noticed how _____description word_____ she looked. But now that she was up close, I could see that her skin seemed to be rotting. She looked dead/

She _____an action_____ my _____a body part_____ and hissed, "Listen to me!" Under this house lie 13 bodies! Leave now

or I will kill you!"

After she uttered these words, I began to feel _____ a feeling _____ and collapsed to the floor.

When I woke up, I had no idea how much time had elapsed. Perhaps I had dreamed the whole thing? I was about to leave when I noticed a _____ a thing _____ in the middle of the room where the old woman had been standing.

There was a dark _____ a color _____ stain on it.

I pulled back the _____ the previous thing _____ and found it was covering a large hole in the floorboards. Looking into the hole, I saw human bones neatly arranged underneath.

The bones of 12 bodies were lying there.

"Why did she say 13", I thought?

Then I looked down at myself and realized I was only bones as well.

I was the 13th skeleton.
