The Fail

Once upon a time their was a who lived in a wood cabin.
He brought his to take a video of the wilderness.
After about 5 or 6 days passed he captured a film of a mysterious that walked like a human.
He called it the FOOT from its large foot prints.
As he was looking at his he relized that this figure TRIPPED OVER THE ROCK.
Than the fell off of him and if other people relized that this wasn't a sasquatch this wouldn't be a famous mystery article.
Than he the film to the part where the BIG FOOT did trip over and the story has always been a mystery.
