## Basketball

Just a <u>Noun</u> to see how this program works. I want to use it with <u>Noun</u> to <u>Verb - Base</u> <u>Form</u> them how to read. So I am just <u>Verb - Base Form</u> in some sentences so I can get a feel for how long the <u>Noun</u> should be. I'm <u>Verb - Present ends in ING</u> that if I can get students to retell a story we can then have some fun with it for a little while. We are Lincoln Alexander PS in Markham. We go from junior kindergarten to grade 8 and we have 550 students. Okay I'm hoping that this is enough of a story to get an idea of how this works! Think I will bookmark this page before I get too much farther!
