When Justin met Katie

It was an Adjective Friday evening at Justin and Jack's apartment. They were planning a night out in downtown Proper Noun, but got invited to a baby shower across the courtyard to start the night. Did I mention this baby shower had a Noun? Justin was going back to the apartment for Noun - Plural, when he saw the most Adjective woman walking his way. He Verb - Past Tense himself by saying hello Noun, and brought her over to the baby shower/Noun party.

After a bit the baby shower/Noun party winded down and they retreated to the apartment to play some Noun Noun. Soon more people arrived and the party moved downtown. After a few more Noun - Plural the dancing commenced. Justin spotted Katie from across the room and Verb - Past Tense his way over. After some great one liners, Justin moved in for the Noun. Justin closed his Noun - Plural hoping for the best and gave Katie a Noun. He opened his eyes only to find a Adjective stare on Katie's face, much to his Noun.

Even though that first Verb - Base Form didn't go quite as planned, he must have done something else right later since we are all here today!
